This table reflects the operating budget (Financial Performance) in the standard classifications which is the Government Finance Statistics Functions and Sub-function.

These are used by National Treasury to assist in the compilation of national and international accounts for comparison purposes, regardless of the unique organisational structures being used by the different institutions. The main functions are Governance and Administration, Community and Public Safety, Economic and Environmental Services and Trading services. It is for this reason that Financial Performance is reported in standard classification, Table C2 (See executive summary for detail explanation on variances)
