1. INTRODUCTION

The development, implementation and monitoring of a Service Delivery and Budget Implementation Plan (SDBIP) is required by the Municipal Finance Management Act (MFMA). In terms of Circular 13 of National Treasury, "the SDBIP gives effect to the Integrated Development Plan (IDP) and budget of the municipality and will be possible if the IDP and budget are fully aligned with each other, as required by the MFMA."

As the budget gives effect to the strategic priorities of the municipality it is important to supplement the budget and the IDP with a management and implementation plan. The SDBIP serves as the commitment by the Municipality, which includes the administration, council and community, whereby the intended objectives and projected achievements are expressed in order to ensure that desired outcomes over the long term are achieved and these are implemented by the administration over the next twelve months.

The SDBIP provides the basis for measuring performance in service delivery against quarterly targets and implementing the budget based on monthly projections. Circular 13 further suggests that "the SDBIP provides the vital link between the mayor, council (executive) and the administration, and facilitates the process for holding management accountable for its performance. The SDBIP is a management, implementation and monitoring tool that will assist the mayor, councilor's, municipal manager, senior managers and community."

2. LEGISLATION

The Municipal Finance Management Act (MFMA) defines a Service Delivery and Budget Implementation Plan (SDBIP) as: a detailed plan approved by the mayor of a municipality in terms of section 53 (1) (c) (ii) for implementing the municipality's delivery of municipal services and its annual budget, and which must indicate-

- (a) projections for each month of-
 - (i) revenue to be collected, by source; and
 - (ii) operational and capital expenditure, by vote;

(b) service delivery targets and performance indicators for each quarter

Section 53 of the MFMA stipulates that the Mayor should approve the SDBIP within 28 days after the approval of the budget. The Mayor must also ensure that the revenue and expenditure projections for each month and the service delivery targets and performance indicators as set out in the SDBIP are made public within 14 days after their approval.

The following National Treasury prescriptions, in terms of MFMA Circular 13, are applicable to the Ephraim Mogole Local Municipality:

1. Monthly projections of revenue to be collected by source
2. Monthly projections of expenditure (operating and capital) and revenue for each vote¹ *
3. Quarterly projections of service delivery targets and performance indicators for each vote
4. Ward information for expenditure and service delivery
5. Detailed capital works plan broken down by ward over three years

¹ Section 1 of the MFMA defines a "vote" as:

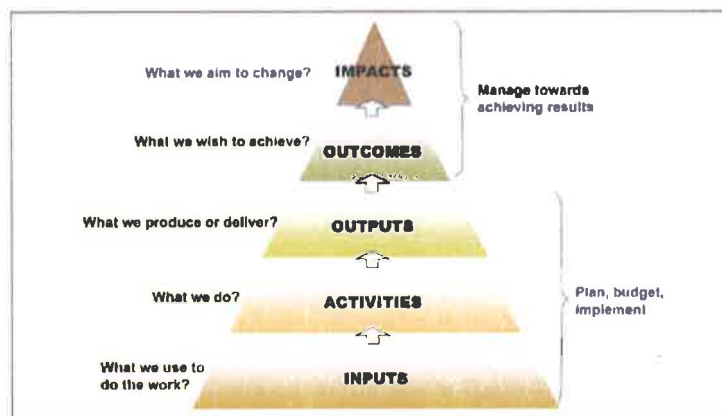

- a) one of the main segments into which a budget of a municipality is divided for the appropriation of money for the different departments or functional areas of the municipality; and
- b) which specifies the total amount that is appropriated for the purposes of the department or functional area concerned

3. METHODOLOGY AND CONTENT

The development of the SDBIP was influenced by the Priorities, Strategic Objectives, Programme Objectives and Strategies contained in the IDP ensuring progress towards the achievement thereof. The SDBIP of the Ephraim Mogole Local Municipality is aligned to the Key Performance Areas (KPAs) as prescribed by the Performance Management Guide for Municipalities of 2001, with the addition of Spatial Rationale as another KPA to be focused upon.

The methodology followed by the municipality in the development of the SDBIP is in line with the Logic Model methodology proposed by National Treasury as contained in the Framework for Managing Programme Performance Information ²(FMPPI) that was published in May 2007. The accompanying figure as an extract from the FMPPI is hereby indicated.

The Logic Model was followed whereby desired impacts were identified for each strategic objective with measurements and targets contributing to the achievement of those impacts. This was followed by the identification of priority programmes and associated outcomes and measurements and targets contributing to the achievement of those outcomes. Then SMART programme objectives and short, medium and long terms strategies were developed to achieve the outcomes and associated output indicators and targets.

Thereafter projects were identified with quarterly milestones and required budget as well as required human resources and equipment (inputs). This process was used to prioritise projects, capital items to be acquired and the personnel budget.

The strategies of the municipality, which are linked to priority programmes, measurement and targets as well as projects focus on and are aligned to the National and Provincial priorities.

The key performance indicators and targets as well as the projects that are contained in this SDBIP are to measure, monitor and report on the implementation of the outcomes and strategies identified in the strategic phase of the IDP. Indicators are assigned quarterly targets and departmental responsibilities to monitor performance.

The SDBIP is described as a layered plan. The top layer deals with consolidated service delivery targets and time frames as indicated on this plan. The second layer of the SDBIP, that need not be made public, will deal with the breakdown of more details of outputs per department and will be contained in the departmental managers SDBIPs.

² The Framework for Managing Programme Performance Information is available at: www.treasury.gov.za

4. VISION, MISSION AND VALUES

The strategic vision of the organisation sets the long term goal the municipality wants to achieve. Ephraim Mogale Local Municipality's vision is one that "wishes" for a future that deals with the many challenges and needs of the community. The **Vision** of Ephraim Mogale Local Municipality reads as follows:

"Agricultural Hub of choice"

Ephraim Mogale Local Municipality has summarized its objectives into the following **mission statement** that should provide everyone involved with the municipality (either as employee, stakeholder or community member) with the answer to justify the reason for its existence.

"To involve the community in the economic, environment and social development for sustainable service delivery"

The **values** describe the interrelationship between people within an institution and the interrelationship between them and the people they serve. As such it describes business practices applied and the value placed on certain principles. The values Endeavour to reflect the culture that prevails or should prevail in a specific institution. The values of Ephraim Mogale Local Municipality were identified from the interrelationships between Councilors, Administration and the Community and focus on the following key points:

Value	Description
Communication	Everybody is empowered within the whole community
Transparency	Invite and encourage public sharing and democratic participation in council's activities.
Commitment	Focus and concentrate on council's core activities in a consistent manner.
transparency	Conduct council's business in a fair, responsible, flexible, equitable and honest manner.
Accountability	Report regularly to all stakeholders regarding council's actual performance.
Teamwork	In all aspects of conducting ourselves and our mandate, we will focus on service excellence.

5. STRATEGIC OBJECTIVES

The Strategic Objectives detailed in the following table represent how the Ephraim Mogale Local Municipality will be able to achieve its vision. These objectives were positioned in terms of the Balanced Scorecard Perspectives being: Learning and Growth; Institutional Processes; Financial and Community Satisfaction. All the outputs contained in the SDBIP are aligned to the attainment of one or more of these strategic objectives:

Strategic Objective	Objective Statement	Outcome
Improved social well-being	Provision of services with respect to social, education and recreational needs that are accessible to all communities regardless of age, gender and previously disadvantaged persons	Safe, healthy empowered communities
Grow the economy and provide livelihood support	As a result of the high unemployment rate within the municipal area, special emphasis should be placed on local economic development and job creation initiatives and development of partnerships	Enhanced and sustainable local economy
Become Financially Viable	Increased revenue generation to ensure sufficient funds are available to invest into projects for the communities. The municipality must be able to pay commitments and have sufficient reserves and investments. The intention is for the municipality to become less grant depended and be in a financial position to fund infrastructure projects from own funds	Increased generation of own revenue and sufficient reserves for investment into communities. Reduced grant dependency
Improve community well-being through provision of accelerated basic service delivery	Implementation of bulk infrastructure to support the provision of basic services to an approved minimum level of standards in a sustainable manner; as per the national guidelines	Improved access to basic services
Plan for the future and promote integrated human settlement and agrarian reform	To ensure that municipal development planning is harmoniously used and well managed	Rationally developed and sustainable integrated human settlements
Sound Governance through effective oversight	Effective enforcement of internal financial and administrative controls and systems with respect to Audit and Risk and sound relationships between political and administrative structures	Public confidence through an unqualified audit opinion
Develop and retain skilled and capacitated workforce	The municipality must attract and retain skilled personnel to inculcate a culture of customer focused, competent staff dedicated to improving service delivery whilst creating a conducive working environment for all its employees	Effective and efficient workforce focused on service delivery

6. STRATEGIC ALIGNMENT

The Department of Co-operative Governance, Human Settlement and Traditional Affairs (COGHSTA) has identified outcomes whereby the Strategic Agenda can be Implemented and monitored. Of critical nature for the municipality will be to link its strategic objectives to Outcome 9. The table below provides the detail whereby the strategic objectives of the municipality can be linked to the outputs of Outcome 9 and the six Key Performance Areas as stipulated by the Department of Co-operative Governance, Human Settlement and Traditional Affairs (COGHSTA)

KPA	Outputs(outcome9)	EPMLM strategic objectives
KPA 1: Spatial Rationale	<ul style="list-style-type: none"> • Actions supportive of the human settlement outcomes 	<ul style="list-style-type: none"> • Plan for the future and promote integrated human settlement and agrarian reform
KPA 2: Basic Services and Infrastructure Development	<ul style="list-style-type: none"> • Improved access to basic services • Support for human settlements 	<ul style="list-style-type: none"> • Improve community well-being through provision of accelerated basic service delivery • Improved social well-being
KPA 3: Local Economic Development	<ul style="list-style-type: none"> • Implementation of community work programme 	<ul style="list-style-type: none"> • Grow the economy and provide livelihood support
KPA 4: Municipal Transformation and Organizational Development	<ul style="list-style-type: none"> • Differentiate approach to municipal financing, planning and support 	Develop and retain skilled and capacitated workforce
KPA 5: Municipal Financial Viability	<ul style="list-style-type: none"> • Improve municipal and financial and administrative capability 	<ul style="list-style-type: none"> • Become financially viable
KPA 6: Good Governance and Public Participation	<ul style="list-style-type: none"> • Refine ward committee model to deepen democracy • Single coordination window 	<ul style="list-style-type: none"> • Sound Governance through effective oversight

7. PROJECTED MONTHLY REVENUE AND EXPENDITURE

One of the most important and basic priorities for any municipality is to collect all its revenue as budgeted for – the failure to collect all such revenue will undermine the ability of the municipality to deliver on services. The municipality MUST ensure that it has instituted measures to achieve monthly revenue targets for each revenue source. The revenue projections relate to actual cash expected to be collected and should reconcile to the cash flow statement approved with the budget documentation. The reason for specifying actual revenue collected rather than accrued (billed) revenue is to ensure that expenditure does not exceed actual income.

The expenditure projections relate to cash paid and should reconcile to the cash flow (reconciliation between revenue and expenditure per month) It is necessary to manage and monitor cash flow on a monthly basis to ensure that expenditure do not exceed income, which if not properly managed might lead to the municipality running into financial difficulties.

This section of the document is based upon the Budget MBRR A1 Schedules that serve as supporting documentation for the budget, in particular Schedules SA 25 - SA 30 and will deal with the following:

Monthly Revenue Projections:	Monthly Expenditure Projections:	Cash Flow Projections:
<ul style="list-style-type: none"> a. Revenue by source; b. Revenue by vote; c. Revenue in terms of standard classifications. 	<ul style="list-style-type: none"> a. Expenditure by type; b. Overall expenditure: <ul style="list-style-type: none"> i. By vote ii. In terms of standard classifications c. Capital expenditure: <ul style="list-style-type: none"> i. By vote ii. In terms of standard classifications 	<ul style="list-style-type: none"> a. Cash receipts by source b. Cash payments by type

The SDBIP information on revenue and expenditure will be monitored and reported monthly in terms of section 71 of the MFMA

8. SERVICE DELIVERY AND PERFORMANCE INDICATORS

The high level non-financial measurable performance objectives in the form of service delivery targets and other performance indicators form part of this section of the SDBIP. These indicators and targets will be cascaded to departmental scorecards, which will be used for internal monitoring of the organisation and relevant individuals.

8.1. KPA 1: SPATIAL RATIONALE

Strategic Objective: Plan for the future and promote integrated human settlement and agrarian reform

Project Name	Priority Programme	KPI	IDP Ref No	Budget R 000's	Baseline 2015/16	Quarterly Targets 2017/18				Portfolio of Evidence	Responsible Department	
						Q1	Q2	Q3	Q4			Annual
Compliance with Town Planning Scheme regulations	Land Use Management	% of land use applications received and processed within 60 days as per the SPLUMA Act 16 of 2013	SR 01	Internal	100%	100%	100%	100%	100%	100%	Land Use application register	Economic Development & Planning
