

## 28<sup>th</sup> JUNE EPHRAIM MOGALE HEALTH DIALOGUE

The event was held at the Ephraim Mogale Town Hall. The purpose of this event was to encourage the youth to learn more about HIV/AIDS and be advised to visit clinics and hospitals to understand the diseases more and how to better take care of themselves if they living positively.

Presentations were done by:

1. Ms Tiny Maseogane(HAST CORDINATOR at Matlala Hospital)
2. Ms Campy Maupa(TB CORDINATOR at Matlala Hospital)

In the presentations the focus was on TB, HIV/AIDS and substance abuse because that seems to be the problem affecting the youth today which later leads to unplanned pregnancies.

209 youth from different villages of Ephraim Mogale attended.

There were testing stations by professional nurses for diabetes, HIV/AIDS, and high blood pressure. The event was a success because the youth flocked in numbers to get tested.
