## 1. Foreword

The purpose of this report is to give feedback regarding the performance of the Ephraim Mogale Local Municipality as required through The Municipal Systems Act No 32 of 2000, section 41(e) and the Municipal Finance Management Act 56 of 2003, section 52(d). The information included in this report is based on the IDP<sup>1</sup> and SDBIP<sup>2</sup> as developed for the financial year 2023/2024. The scorecards were developed to reflect *cumulative performance*; therefore, the status of indicators is a reflection of the overall performance level achieved year to date.

## 2. Executive Summary

This report serves as the **Fourth Quarter Institutional Performance Report** for the **2023/2024** financial year ending **30<sup>th</sup> of June 2024**. It provides feedback on the performance level achieved (accumulative reporting) against the targets as laid out in the IDP/SDBIP Scorecard. In the case of under-performance, the respective concerns or mitigating reasons are highlighted and detail pertaining to the relevant measures taken to address these challenges are included thereto.

The overall performance for the Ephraim Mogale Local Municipality is based on a composite Performance Scorecard of each Department comprising of all indicators assessed in the period under review. The overall Fourth Quarter Institutional performance achieved for the 2023/2024 financial year reflected an **85%** with only **111** out of **131** KPI's assessed attaining set targets.

Improvement performance levels were experienced in five key performance areas as depicted in the Table Ref No1 except key performance areas 02. The departments need to take responsibility and accountability for service delivery and related activities measured in the performance reports, as this is a public document and reflects negatively on the municipality's commitment to service delivery. We need to instil a culture of accountability in the organisation and significantly improve the levels of monitoring and evaluation which are a prerequisite to ensure responsible management decisions can be taken.
