7.5 The annual performance appraisal must involve:

7.5.1 Assessment of the achievement of results as outlined in the performance plan-

- (i) Each KPA should be assessed according to the extent to which the specified standards or performance indicators have been met and with due regard to ad hoc tasks that had to be performed under the KPA.
- (ii) An indicative rating on the five-point scale should be provided for each KPA.
- (iii) The applicable assessment rating calculator must then be used to add the scores and calculate a final KPA score.

7.5.2 Assessment of the CCRs-

- (i) Each CCR should be assessed according to the extent to which the specified standards have been met.
- (ii) An indicative rating on the five-point scale should be provided for each CCR
- (iii) This rating should be multiplied by the weighting given to each CCR during the contracting process, to provide a score.

(iv) The applicable assessment-rating calculator must then be used to add the scores and calculate a final CCR score.

7.5.3 Overall rating is calculated by using the applicable assessment-rating calculator.

Such overall rating represents the outcome of the performance appraisal.

7.6 The assessment of the performance of the Employee will be based on the following rating scale for KPA's and CCR's:

Level	Terminology	Description	Score	Assessment Score	Performance Bonus Ratio
5	Outstanding Performance	Performance far exceeds the standard expected of an employee at this level. The appraisal indicates that the Employee has achieved above fully effective results against all performance criteria and indicators as specified in the PA and Performance plan and maintained this in all areas of Responsibility throughout the year.	5	75-100%	75-76% = 10% 77-78% = 11% 79-80% = 12% 81-84% = 13% 85% + = 14%
4	Performance significantly above expectations	Performance is significantly higher than the standard expected in the job. The appraisal indicates that the Employee has achieved above fully effective results against more than half of the performance criteria and indicators and fully achieved all others throughout the year.	4	65-74%	65-66% = 5% 67-68% = 6% 69-70% = 7% 71-72% = 8% 73-74% = 9%
3	Fully effective	Performance fully meets the standards expected in all areas of the job. The appraisal indicates that the Employee has fully achieved effective results against all significant performance criteria and indicators as specified in the PA and Performance Plan.	3	51-64%	No bonus
2	Performance not fully effective	Performance is below the standard required for the job in key areas. Performance meets some of the standards expected for the job. The review/assessment indicates that the employee has achieved below fully effective results against more than half the key performance criteria and indicators as specified in the PA and Performance Plan.	2	31-50	No bonus
1	Unacceptable Performance	Performance does not meet the standard performance expected for the job. The review/assessment indicates that the employee has achieved below fully effective results against almost all of the performance criteria and indicators as specified in the PA and Performance Plan. The employee has failed to demonstrate the commitment or ability to bring performance up to the level expected in the job despite management efforts to encourage improvement.	1	< than 30%	No bonus
